

Attention Restaurant Owners in San Jose!

The San Jose City Council Plans to pass an ordinance to BAN unvaccinated customers from your establishment. Who to allow into your establishment should be YOUR choice, not that of the government.

If you are ok allowing a San Jose Ordinance to impact your business...***then do nothing!***

If you believe that the government should not be telling you what to do with your private business then call Mayor Liccardo and your city council representative and tell them NO VACCINE MANDATE for private businesses.

ACTION ALERT

What can you do to stop this ordinance from passing?

1. Contact Mayor Liccardo and your City Councilmember and urge them to vote NO on vaccine mandates.

Background Information

At the 8/24/2021 San Jose City Council meeting, Mayor Liccardo and your city council person voted to mandate a proof of vaccination to enter a city owned event facility of 50 or more people. At a subsequent San Jose City Council meeting, the memorandum from Mayor Liccardo calls on the city council to consider a proof of vaccine prior to entry in ANY indoor dining, theater, gym or other private-owned facilities that serve the general public.
